Important Information About Procedures for Opening a New Account

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account.

CJS requests that each new customer send us certain documentation that it has adopted, implemented and will maintain an anti-money laundering (AML) compliance program which ensures that its clients are properly identified and verified in accordance with the latest money laundering requirements and guidelines.

Thank you for your cooperation.

CJS Securities, Inc.
